

Freedom Wheels Bike Service

freedomwheels.org.au

1. Why Do I Need To Service My Bike?

Your bike is a vehicle just like the cars and trucks out on the road (only much more fun) and, just like those vehicles, it requires attention to run efficiently.

Regular maintenance and servicing will ensure all the systems of your bike stay in good working order for as long as possible.

Servicing with Freedom Wheels makes sense because we know your bike better than anyone; It's also a great way to check in with us!

We love hearing about how your riding is progressing and a regular service is the perfect opportunity to ensure your ride's unique set-up still meets your individual needs.

2. Your Service Includes:

- Frame inspection and wipe down
- Inspection and adjustment, where necessary, of all systems on your bike: steering, seating/position, drivetrain, and braking
- Replacement of high wear components if appropriate: cables, brake pads, grips, basic pedals, tyres, and tubes
- Final safety check upon completion

3. How Much Does It Cost?

Get your bike serviced for just \$249.

To make it even easier, complimentary pick up and delivery is available in Sydney/ Melbourne metro, and Hunter regional areas.

If you have access to funding through NDIS, remember to include this in the budget for your next NDIS plan.

This bike service is not available in all locations. Please contact us to discuss your options.

Call us on 1300 663 243 for more info and to book in your service.
